

The image shows a restaurant interior with a rustic yet elegant feel. Large multi-paned windows in the background let in natural light. Several indoor trees with bare branches are placed throughout the space, some adorned with warm white string lights. In the center, a wooden table is set with glassware and plates. To the right, a staircase with a dark metal railing and large, glowing spherical ornaments is visible. The floor is made of light-colored wood.

WHAT WE ARE ABOUT

Mowgli is not just a restaurant — it's a home from home, built on the rich, vibrant flavours of Indian street food and the simple joy of sharing them.

Founded by Nisha Katona, Mowgli was born from a desire to have the feeling of being invited to eat at her own kitchen table — fresh, chatty, and full of soul — to the hearts of towns & cities. It's about tiffin boxes clattering, the warmth of twinkling lights, and dishes designed for sharing and savouring together. Mowgli is a place made for stories, laughter, and memories around the table.
